Daycare -- In Your Home or Ours!

Day care is a great option for puppies and dogs who can't be alone for too long. One of our team members can come to your home, or your pup can come to one of our team member's homes. Daycare is charged by the hour, so you can have as little as an hour daycare, up to 8 hours. If the daycare is in your home, you can have a split daycare. Split day care consists of a team member coming to your home in the morning for 2-3 hours, leaving for up to 3 hours then returning for another 2-3 hours. Your pup will get lots of play time, potty breaks and walks during their daycare hours. You will get a full report with photos and videos on your Time to Pet portal!

Do you need your pet taken to the Vet, daycare or the groomers? Don't have time to take them yourself? Pet Taxi is here for you, our team members can pick up and drop off your pet to any location so long as the destination knows we are coming.
